Description

BLUEPRINTS

We will explore this old photographic technique and make our own blueprints also known as cyanotypes.

MAKEY MAKEY

This electronic invention tool and toy connects everyday objects to the computer program!

PAPER ROCKETS

Learn to build paper rockets and experience the thrill of launching them to the sky!

BLANDIBLÚ

Experiment with safe chemicals to make the oobleck from Dr. Seuss!

LITTLEBITS

Learn electronics just like you build with legos!

REFLEX MACHINE

Let's make a solar powered synthesizer.

ROBOT CAR

Build by teams a robot on wheels and compete!
